Feedback/Suggestion

Today, as online class of 4 th standard started , i along with my son attended the class. I would say all the 3 teachers of English , Maths and Hindi took a very interactive and informative class with effective use of technology. All the best for next classes.

Feedback/Suggestion

Thanks to school management for starting online classes. Today my daughter karul of class 3rd attended her first online class. She interacted with her subject teachers. The presentations of all subject teachers were very impressive and understandable. She easily learnt all the concepts. Thanks to Class Incharge Sushma Sharma.
